Once the parcel has been despatched, we'll send a text confirming the delivery date, and we'll also provide options to reschedule.

Extended liability

Extended liability is easy to calculate using the simple steps below:

1. Round up the liability or replacement value of your shipment to the nearest pound, e.g. £139.27 = £140
2. If the value is more than £700, the premium charged will be 1% of the value, e.g. if the value is £837, divide this figure by 100 = £8.37. Minimum charge £7.50 up to a maximum liability of £5,000

Duties and Taxes Prepaid

eDAP (enhanced DAP) is the DAP incoterm is used for the shipment but under which all duties and taxes to be recovered are paid by the Recipient to the Customer at the time of order, and thereafter charged to the Customer by the Service Provider. There is a £5.00 per consignment fee covering the enhanced DAP process and any admin handling for this offering.

Parcel service

The charge may be based on either the volumetric or the actual weight, whichever is greater. The volumetric weight of your parcel should be calculated as follows:

$$\frac{\text{length (cm)} \times \text{height (cm)} \times \text{width (cm)}}{\text{divided by } 4,000} \quad \text{e.g.} \quad \frac{50 \times 50 \times 40}{4,000} = \mathbf{25kg}$$

$$\text{length (cm)} + 2 \times \text{width (cm)} + 2 \times \text{height (cm)} - \text{e.g. } 80 + 60 + 60 + 50 + 50 = \mathbf{300cm}$$

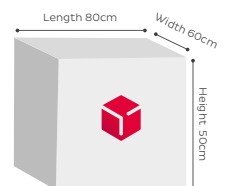

Maximum weight per item **31.5kg**.

Maximum dimensions per item - **175cm** length, **300cm** girth.
